# K L 7 B P K

903 Austin Tower Apts.
Ketchikan, Alaska

Radio W9YT. Tnx for QSO of 22 March 1958 at 0007 PST. Your CW signals were RST 579 on 7.040 Mcs.

The rig in use consisted of a Viking 2 running 150 watts and a NC-183-D receiver. A dipole was in use on 7 Mcs with a windom and vertical for other bands.

I moved from Ketchikan in June 1958 and ran out of QSL's shortly afterward. Your QSL just rcvd via bureau. Tnx.
